To: Oekraïne-Project-Edegem vzw

I am writing to express our deepest gratitude for your incredible humanitarian support during these challenging times in Ukraine, particularly in the Cherkasy region. Your contributions have made a significant impact on the lives of many individuals and families facing adversity.

As the war continues to affect our communities, the need for assistance has never been greater. Your commitment to helping those in need—especially low-income families, hospitals, and nursing homes—has been a beacon of hope for many. The generous donations of food, medical supplies, clothing, and other essentials have provided critical relief to those who are struggling the most.

The support you have extended has not only alleviated immediate hardships but has also fostered a sense of community and resilience. For countless families who have lost their livelihoods or homes all donations are very needed.

In our hospitals, the items we've distributed supported healthcare professionals, so they can deliver the best possible care to those in need. Hygienic supplies have made a difference in everyday life and treatment of patients and helped medical staff in their work.

Moreover, the elderly in nursing homes are often the most vulnerable during times of crisis. Your support has ensured that they receive not just the basic necessities, but also companionship and care, which are vital for their well-being – household items, clothes, sewing materials.

Thank you from all Charity fund "Modern village and town" team for your support of our work during all this time. Your actions have inspired many to join the effort to assist those in need, creating a ripple effect of hope and solidarity within our community.

Thank you once again for your humanitarian aid. Together, we are stronger, and your support has proven that even in the darkest of times, compassion and kindness can shine brightly.

With heartfelt gratitude,

Kind regards
Director
Charity fund "Modern Village and Town"
Diana Bilianivska
